Commercial Development Program (CDP)

Are you ready to step into a role where you build strong customer relationships and make a real impact from day one?

▶ Join our **4–6-month** Commercial Development Program (CDP) that prepares you for a career as a **Sales Representative**. You will gain hands-on experience, take on real responsibility, and gradually build ownership of your customer accounts.

Program highlights:

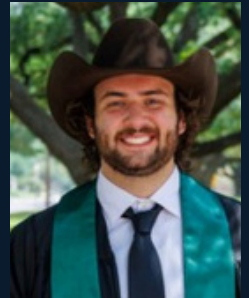

- Build your capabilities through **real sales experiences** that create a measurable impact.
- Develop **product and technical expertise** in PE & PP applications to become a confident, knowledgeable seller.
- Learn from senior sellers through **hands-on training** to strengthen your sales management and soft skills.
- Receive **tailored mentorship** to support your professional growth.

Ready to drive your sales career forward?

“The Quantum CDP gave me hands-on responsibility from day one and built my confidence to grow in sales.”

Will Hyttinen

Seeking candidates with:

- A bachelor’s or master’s degree in Business, Chemistry, or Engineering (recent graduates preferred).
- Willingness to travel and work flexible hours when needed.
- A driven, proactive mindset—someone who adapts strategies, takes ownership, and makes ideas their own.
